What if I would like to get a room in Student House no. 1 or 2?

Student House no. 1 is the furthest from the centre of the city, so international students rarely stay there. It's located 20 km from the main hospital campus, in the furthest district of Bydgoszcz. Student House no. 2 is in the very centre of the city, but it is mostly occupied by Polish students (international too, but not so many). It's also much smaller than the remaining two dormitories, so the number of places is very limited. Student House no. 3 is dedicated to international students. It is also located in the centre, next to University Hospital no. 1 in which students have a lot of classes. Also, the English Division office is located inside Student House no. 3.
