STEP 9:

Check the requirements

Medicine (full-time, long cycle education) - studies in English

[Go to edit page](#) [Go to applications](#)

[szczegółowy opis kierunku](#)

Eligibility criteria

The application process is open to candidates who hold the following:

- a [secondary school leaving certificate](#) or an equivalent document entitling the holder to apply to study at any type of higher education institution in accordance with applicable regulations in force in the country of issue;
- [two subjects](#) listed in their secondary school leaving certificate:
 - Biology,
 - Chemistry or Physics.

Qualification principles

Candidates are qualified on the basis of an entry examination which consists of two stages:

- first stage - a written test held in English*
- second stage - an oral exam held in English**

*The [written test](#) in English evaluates the knowledge of and ability to use specialised terminology in the scope of biology, chemistry and physics.
The test is evaluated using the scale of 0 to 50 points

The necessary condition for being admitted to the second stage of the qualification procedure is obtaining a minimum of 25 points for the written test.

**The oral exam in English evaluates the following:

- the candidate's proficiency in English (max. 25 points),
- knowledge in the field of natural and exact sciences (max. 25 points),
- the candidate's predispositions to study Medicine (max. 25 points).

The oral exam is evaluated using the scale of 0 to 75 points.

The [result of the qualification procedure](#) (W) is calculated using the formula: $W = W_1/2 + W_2$

where:

W₁ - number of points for the test,
W₂ - number of points for the oral exam.

A minimum of 70 points must be obtained in the admission process in order to become admitted to the study programme.

Payments

Remember to set priorities for your payments: [Set priorities](#)

On this page you can view a summary of financial operations on your IRK account. If the system has been configured to support payments in more than one currency, your payments will be divided into separate tables in regard to these currencies. Your account deposits have positive value in the *Amount* column, while charges have a negative value. If an application has not been paid on time or a refund has been made, the payment will be displayed with grey background and its amount will not be calculated into the sum that is displayed above the table.
